

Women in Green Hydrogen

**Conecta
Empodera
Cambia**

¿Qué es Women in Green Hydrogen?

- Red global fundada en 2020 que promueve la participación femenina en la industria del hidrógeno verde.
- Formalizada como ONG en octubre de 2023.

¿Por qué Women in Green Hydrogen?

- Creemos que la diversidad es esencial en un sector que se nutre de la innovación y las nuevas ideas.
- Queremos aumentar la visibilidad y promover la participación de las mujeres en el sector del hidrógeno verde.
- Buscamos crear una comunidad para fomentar el intercambio de conocimientos.

Women in Green Hydrogen

¿Cómo lo hacemos?

- Base de datos de expertas
- Programa de mentoría
- Eventos
- Asociaciones

Expert Database

The Women in Green Hydrogen Expert Database is a crowd-sourced database of women experts working in the field of green hydrogen.

The green hydrogen sector is filled with outstanding women professionals from all around the world. Our database showcases women's talent, connects experts and decision makers, and offers event organisers a valuable tool to find speakers and disrupt the cycle of men-dominated events.

The goal is to promote equality and diversity in conferences, panels, expert talks, media appearances, advisory committees and management boards – making the world of green hydrogen more inclusive and innovative.

You are an hydrogen expert and want to become part of our database?

¿Cómo colaborar con WiGH?

Women in Green
Hydrogen

- Organizando programas de educación o talleres: seminarios web, cursos de corta duración.
- Publicando artículos en revistas y/o desarrollando en estudios en conjunto.
- Organizando un evento, panel o conferencia.
- Patrocinando la red a través de iniciativas que fomenten la equidad de género en el sector.
