

Future of Demand Aggregation

3 Mechanisms

Common objectives:

- Competitiveness
- Decarbonisation
- Security of supply

Hydrogen & derivatives

Market development
Decarbonisation

Critical Raw Materials

Competitiveness
Security of supply
Strategic autonomy

Gases

Competitiveness
Security of supply
Market development

What will the **Hydrogen Mechanism** do?

A market-based online platform empowering European companies

- 1 Connect demand and supply** of existing and future H2
(e.g. “call for interest” round – open to all sectors)
- 2 Support** infrastructure development
(e.g. “infra. market test” round)
- 3 Link with financial support**
Display and match with relevant products

Renewable and low-carbon
Hydrogen derivatives

European off-takers
All suppliers

Upcoming **launch event**

Launch event
online

2 July, 14:30 – 16:30 CET

Launch of the EU Energy and Raw Materials Platform

- High-level session with Dan Jørgensen, Commissioner for Energy and Housing
- Technical session: showcase of the H2 Mechanism and registration tutorial
